Wade Pleads Guilty
In Thomas' DeathAbeel Street Man Will Be
Sentenced Friday for
Manslaughter

Lindsay Wade, 50, of 151 Abeel street, who was charged with the fatal stabbing of Lee "Big Crack" Thomas, 50, on January 31, last, at 10 Ann street following a dispute between the two over a "girl friend," this morning in County Court entered a plea of guilty to manslaughter, first degree, as charged. Wade will be sentenced on Friday at 10 o'clock.

The plea of guilty came as a surprise, for Wade, since being arraigned on the manslaughter charge, has maintained he would demand a trial. Chris J. Flanagan appeared for the defendant.

According to the police there was a dispute between the two men over a "girl friend." Thomas allegedly struck Wade in the eye when Wade accused Thomas of "running around" with his girl. Wade then allegedly pulled a knife on Thomas and stabbed him several times about the neck and face. Thomas died within fifteen minutes.

John Penna, Ian MacPhie and Charles Lanzfrod, who were charged with escape from Wallkill Prison and also with larceny for the stealing of a car at Wallkill which they allegedly used in the escape, also pleaded guilty to the charge of escape and they too will be sentenced Friday at 10 o'clock.

The larceny charges were dismissed. Andrew J. Cook, Jr., appeared by assignment for the trio. Pauline Nancy Souser of Kingston, charged with forgery, second degree, also pleaded guilty and will be sentenced Friday at 2 o'clock.

Appeals Are Made

More Troops and Workers
Are Needed to Fight
Floods in Iowa

Oakville, Ia., June 18 (AP)—Appeals were made for additional troops and volunteer workers to fight the flood waters of the Iowa river which approached a record height of 16.5 feet today, forcing evacuation of many of the community's 400 residents.

Meanwhile Col. W. N. Leaf of the Rock Island, Ill., district army engineers, warned that levees on the Mississippi river had been weakened by last week's floods and urged residents in four counties to flee to higher ground. Counties were Marion in Missouri and Adams, Pike and Calhoun counties near Quincy, Ill.

Antwerp, June 18 (AP)—Approximately 10,000 shipyard workers quit work in a wildcat strike today and union leaders called an emergency meeting to deal with the situation. The walkout followed a conference between workers, employees and government representatives last night during which union demands for a general wage increase were rejected.

Chairman of Australian
U.N. Delegation Is
to Address 87th
Graduation

Annandale-on-Hudson, June 18 (AP)—The largest graduating class in the history of Bard College, 30 men and seven women, will receive their Bachelor of Arts degrees at the 87th graduation exercises on the campus front lawn Saturday, at 2:30 p. m. and hear as the commencement speaker Lieutenant Colonel William Roy Hodgson, chairman of the Australian mission to the United Nations.

A recipient of the Order of the British Empire, Colonel Hodgson served in the Australian Imperial Forces during World War I, and took part in the landing at Gallipoli. Mentioned subsequently in several dispatches, he was invalided out of the army in 1917 and received the Croix de Guerre with palm.

An authority on Pacific and Far Eastern affairs, he was appointed secretary of the Australian Department of External Affairs in 1935, until his appointment in 1945 as Australian minister to France.

At present he is the Australian representative on the United Nations Security Council, Atomic Energy Commission, Commission for Conventional Armaments and drafting sub-committee of the Commission on Human Rights. Colonel Hodgson received his education at the Royal Military College, Duntroon, and the University of Melbourne.

The commencement week-end will begin Friday at 4:30 p. m. with the Baccalaureate service in the Chapel of the Holy Innocents, conducted by the Rev. Frederick Q. Shafer, chaplain of the college. A dinner will be given in honor of the graduates in Preston Hall at 6 p. m., after which Jules Romain's "Dr. Knock" will be presented at the Grand Theatre. The senior ball will follow the play. During the exercises on Saturday, the Lockwood prizes for the best academic achievements by seniors, and the John Bard prizes for the most outstanding contributions to the life and welfare of the college by any undergraduates during the year will be presented. Commencement exercises will be followed by a reception given by President and Mrs. Edward Fuller.

Those to be graduated are John Edmunds Bishop, George Vandergrift Blackstone, Morton Joseph Block, Mollie Day Boring, Addison Sargent Bray, Kathryn Lusinda Carlisle, Charles Willard Chamberlain, Jr., Richard Francis Joseph Conway, Walter Maxwell Dotts, Jr., Dorland Eighmie, Jr., Dewey Christine Friedrichs, Jane Josephine Guiffreda, Lenora Marie Goldstone, Robert Earl Gordon, Jr., Arlene Roslyn Greene, Martin Jacobberg, Walter J. Levine, Frederick Franklin Laroz, William Wallace Liggitt, Barbara Carol Lipsitz, Kenneth Cauldwell MacArthur, Jr., David Margolin, G. Mayor Denies Gambling in City,
Says He Knows Nothing About ItTruman Is
To Report
On Labor

Message to Congress
Will Outline Views
on Measure; Mail
Is Heavy

Senate Is Uncertain

If Veto Comes, What
Senate Will Do Is
Not Clear

Washington, June 18 (AP)—President Truman decided today to forego his weekly news conference to work on a message to Congress on the Labor Union Control Bill.

Mr. Truman will send a message to Congress Friday, regardless of whether he signs or vetoes the bill.

Eben Ayers, assistant press secretary, said a heavy volume of mail continued to pour into the White House concerning the legislation with "a heavy majority favoring a veto." Ayers said the volume of communications about the measure is by far the greatest ever received by Mr. Truman on any single legislative issue or other controversy.

Top Democratic and Republican leaders have predicted that the House will vote to override the President's decision to veto the legislation. But they were uncertain of the outcome in the Senate.

Ayers estimated that 157,000 to 158,000 letters, more than 500,000 cards and 25,000 telegrams had been received through Monday.

Ayers said one pile of letters in the White House mail room is "larger than a cord of wood," measuring 12 feet long, five feet high and four feet wide.

10,000 Letters Daily

He said around 10,000 letters a day still are coming from individuals, groups and organizations. He did not estimate the percentage favoring a veto other than to say the majority was "heavy."

The Senate may tag along, but the outcome there is less certain.

House leaders definitely expect a veto even though President Truman told reporters at Princeton, N. J., yesterday "I haven't made up my mind yet."

He said he will send a message to Congress Friday.

A veto would make labor union control the next big issue between the White House and Congress, with more potential fights in sight.

But the "cooperation" about which the Chief Executive and Congressional Republicans talked when the session began last January apparently has just about exploded anyway.

G.O.P. Leader Halleck of Indiana gave the tip-off on that after the House upheld by a two-vote margin yesterday Mr. Truman's veto of the tax cut bill. Halleck told newsmen the veto was "the exact opposite of cooperation."

Other Republican chiefs who do not want their names used say the same thing. The way they talk makes it appear bare-fisted battling is likely from now on, particularly on domestic problems that will supply ammunition for the 1948 campaign.

If the Chief Executive does veto the labor bill, he will have to count on his former colleagues in the Senate to back him up.

Has No Hints

Senator Hatch (D-NM), a close friend of the President, told a reporter he has had no hints from the White House but it is his personal view there will be a veto and "that it will be overridden."

Many other senators of both political parties have that view. But Senator Ives (R-NY) said: "I don't see how it's at all certain we could override, especially after what happened in the House on the tax bill."

As for the House and the labor bill, Halleck said: "There is no doubt whatever that we can override a veto. That's in the bag."

The House passed the compromise labor bill, putting various curbs on strikes and unions, 320 to 79. That is a four-to-one majority.

The Senate passed it 54 to 17, by better than three-to-one tally. Labor and taxes are bound to be 1948 campaign issues. Wool

Former State Trooper Is
Choice for Sheriff;
Coroner Office
Still Open

Prior to the holding of the Democratic city convention Tuesday evening the county convention was held and at that time Walter Keefe, former State Trooper, of Saugerties was recommended as the Democratic candidate for the office of sheriff. William McCabe of Saugerties was recommended as the party's candidate for commissioner of public welfare, but the office of coroner was left to a committee on vacancies after Supervisor William Keib of Wawarsing, who was sought by the chain to place a candidate before the convention, was found to have left the convention.

All of the selections were unanimous.

The convention was opened with the singing of "The Star Spangled Banner," led by Mrs. Sam Mann and the invocation by the Rev. Osterhout Phillips, County Chairman Thomas J. Plunkett presided with Clerk William Kelly calling the roll of delegates.

Mayor William F. Edelmuth addressed the convention, welcoming the delegates to the city. At that time Mr. Edelmuth said the Democratic party was on the threshold of victory and in opening he said he was not a candidate for mayor or "for any public office." He stated that at the Republican unofficial convention the county chairman had made a report on the benefits which the county had derived from the state but made no mention as to any benefits to the city.

Takes Cancer Clinic Credit

Mayor Edelmuth then proceeded to tell of his own activities in securing the Cancer Clinic which will be erected on Broadway, adjacent to the Kingston Laboratory. He said credit for this clinic was being attributed to a Republican board of supervisors, but he said he had formed the plans a long time ago, years prior to the recent action of the board in appropriating money for the project.

"The Republican board wanted to get on the band wagon," he charged and also referred to the recent consolidation of the welfare department of the city with the county department. He charged that an attempt was being made to make people believe the city was not sharing its just part of the cost. He said the city was paying its "proper" share of the cost.

Talks on Wages, Streets

Regarding salaries he said charges were being made that his administration had done nothing to raise salaries of city employees. He said employees of the Board of Public Works in 1942 when he took over were receiving \$3 per day and now they were getting "nearly \$7 per day," in addition to other benefits. It was the first in-

Tucker Would Provide Jobs
For 455,000 With New Auto

Philadelphia, June 18 (AP)—There will be jobs for 455,000 breadwinners throughout the nation, says 44-year-old Preston Tucker, if the Securities and Exchange Commission allows him to go ahead with his proposed \$20,000,000 stock sale to the public and his plan to produce a "better and safer car" than ever has been built.

Tucker, confident the stock will sell, told the commission yesterday that his new enterprise eventually will have a payroll of 35,000 at its plants in the Chicago area and 420,000 additional persons as salesmen, dealers and suppliers throughout the nation.

At the conclusion of the two day hearing at which the S.E.C. investigated whether it should permit the corporation to go ahead with the stock financing, Tucker said "there had been enough interest shown already by the public to make me believe that the stock will sell."

Greeks Also Pledge
to Use Money in
Way Prescribed
by U. S.

JOSEPH SACCOMAN

Washington, June 18 (AP)—The Greek government told the United States today that the American mission administering the \$300,000,000 assistance program to Greece should virtually run the economic life of the country.

In a note made public at the State Department, the Greeks also gave formal assurance that the money put out by the United States to boost recovery and block Communism in Greece "will be used in conformance with the purposes for which it may be made available."

The extent to which the American mission, headed by former Governor Dwight Griswold of Nebraska, will actually run economic affairs in Greece was disclosed in a lengthy list of duties which the Greeks themselves said the Americans should take over.

The note said the mission should "participate in the development of revenue and expenditure policies, approve government expenditures for activities which directly or indirectly involve the use of American aid, take part in the planning of the import program and approve the use of foreign exchange."

It added: "The Greek government will also wish the mission to assist in execution of reconstruction projects, improvement of public administration, technical training of civil servants and other personnel, continuation of the health program, development of exports program, management and disposition of government-purchased supplies, promotion of agricultural and industrial recovery, and regulation of wages and prices."

Great Effort Promised

On their part, the Greeks promised to undertake a "great and continuous" effort of their own in addition to the American program, to promote their country's recovery and "the composing of internal differences."

Three separate communications were made public.

The notes covered formal notice to the Greek government on May 26, that the \$300,000,000 American program had been authorized by Congress, a note from the Greek government on June 15 expressing thanks for the "benevolent intentions of a great and friendly nation in the welfare of Greece," and a note of June 18 from the United States accepting the Greek assurances.

The latter note stated that Ambassador Lincoln McVeigh has been authorized to negotiate a formal assistance agreement with the Greek government.

That agreement is supposed to be signed in Athens today or tomorrow.

Of the \$300,000,000 Greek-Turkish aid program, \$300,000,000 is to be spent for relief and military aid to Greece.

Purposes Are Defined

President Truman has defined those purposes as being first to promote Greek reconstruction and second to prevent the spread of Communism and totalitarian government into that country.

The Greeks said they recognized that the "extensive aid of the United States will not alone be sufficient to meet the large costs of restoring public order and reconstructing reproductive facilities over a period of years."

The Greek government accepted responsibility for the task before it and declared:

"This responsibility entails the composing of internal differences, the collection of more revenues, the rebuilding of foreign trade, the conservation of foreign exchange, the reconstruction of public works, the improvement of government administration, assistance and guidance to agriculture and industry, establishment of protective labor measures, encouragement of democratic organizations among economic and social groups, measures to control inflation and assure equitable distribution of supplies and services, and the restraint of excessive and extravagant on the part of any segments of the population."

Mayor Gets
Nomination
4th Term

Edelmuth Says He
Was 'Convinced' He
Should Seek Office
Again

Saccoman Chosen

Running Mate Will Be
Joseph Saccoman for
Council Post

As a result of a last minute pre-convention switch Mayor William F. Edelmuth was "drafted" by the Democratic city convention Tuesday evening to become the party's fourth term candidate for office. Joseph Saccoman was named for the alderman-at-large position.

In his acceptance speech Mayor Edelmuth stated that he had decided not to run again for office but because of an un-American report which had appeared in the Freeman following the nomination of Oscar V. Newkirk as Republican candidate for mayor, he had been "convinced" by the Democratic committee to accept the nomination to vindicate himself. Mayor Edelmuth denied there was a rift between the "Old Guard" and the "New Guard" Democrats and in answer to the allegations made by Mr. Newkirk in his acceptance speech at the Republican convention held Monday evening that gambling was rife in Kingston with the knowledge of the mayor and the chief of police, Mayor Edelmuth said there was no gambling in Kingston and if there was he did not know about it.

The mayor failed to refer to a statement used while campaigning against Conrad J. Heiselman that he would never seek a fourth term in the city hall. The Republican candidate at the time had completed six years of efficient service in the city hall.

Mayor Edelmuth said he had "licked" the opposition before and would do it again with the support and help of the voters of Kingston.

"As for gambling, I will match my public, private and political life with anything they (Republicans) have in their party now or at any time," concluded the mayor.

James C. Plunkett of the Twelfth Ward placed the name of Mayor Edelmuth before the convention. He presented the name of Mayor Edelmuth and said he was doing so despite the knowledge that Mayor Edelmuth did not "choose to run." He referred to his candidate as a "good man, above reproach" and said that the alleged rift in the Democratic party which it had been stated took place on April 13 when Thomas J. Plunkett defeated Mayor Edelmuth as county chairman, following the resignation of Joseph Forman, did not exist.

"That allegation is a damnable lie," said Plunkett and he said there had never been a rift in the party, the incident simply indicating a display of a "healthy democratic condition."

Says "Challenge" Issued

Roy Garrahan in seconding the nomination said that a "challenge" had been issued by the mayor of the mayor's ability could be made so an accusation of "condoning gambling" by the mayor and chief of police had been made.

"If there is gambling in the city, why has not the district attorney acted?" challenged Mr. Garrahan.

Mr. Garrahan said the accomplishments of Mayor Edelmuth were well known. He said the

Ground Forces Will Be
'Air Transportable'
for Speed

Washington, June 18 (AP)—All U. S. Army ground force divisions are to be "air transportable" and a program of runways servicing all major permanent military posts is envisioned by War Department planners, it was learned today.

Some posts already have access to air fields, but in a number of instances the runways will have to be enlarged to accommodate bigger cargo planes.

Much of the runways project, in which the ground forces, army engineers and air forces will cooperate, is still in the planning stage. Some has a "secret" label on it.

Ham and Corn Make Substantial Course

By GAYNOR MADDON
NEA Staff Writer

Use fresh corn and diced ham for a different and filling main dish. This and the next recipe comes from the new omnibus "Woman's Home Companion Cook Book," with over 2600 recipes and a lot of sound nutritional and cooking advice.

Ham and Corn Au Gratin

Two cups diced cooked ham, 2 1/2 cups corn, home-cooked or canned whole-kernel, 2 tablespoons grated onion, 1/2 cup finely chopped green pepper, 1 1/2 cups medium white sauce, 1/2 teaspoon dry mustard, 1/2 cup grated cheese, 1/2 cup buttered crumbs.

Arrange ham, corn, onion and green pepper in layers in a greased casserole. Mix the mustard with the white sauce; pour into casserole. Top with grated cheese and buttered crumbs, mixed. Sprinkle with paprika. Bake in a moderate oven (375 degrees F.) about 25 minutes or until browned.

Baked Corned Beef Ring

(Serves 6-8)

Five cups cooked or canned corned beef, 2 cups bread crumbs, 3 tablespoons chopped onion, 3 tablespoons butter, 2 teaspoons horseradish, 1 1/2 teaspoons dry mustard, 1 1/2 cups milk, 2 eggs, slightly beaten.

Grind the corned beef and combine with the bread crumbs. Sauté the onion in butter until lightly browned; add to the corned beef. Add horseradish, mustard and milk to the slightly beaten eggs; mix with corned beef until well moistened. Pack into a greased ring mold about 7 1/2 inches in diameter. Bake in a moderate oven (375 degrees F.) about 45 minutes. Unmold. All the center with Savoy cabbage cut in wedge-shaped pieces and cooked quickly in boiling salted water. Around the outside of the ring place new potatoes rolled in melted butter and sprinkled with chopped parsley; also boiled baby carrots. Note: Cooked and ground ham may be substituted for corned beef if desired.

TOMORROW'S MENU

BREAKFAST: Tomato juice with lemon, scrambled eggs with chives, whole wheat toast, butter or fortified margarine, coffee, milk.

LUNCHEON: Chopped chicken and olive sandwiches, toasted cheese sandwiches, raw carrot sticks, grapefruit, cookies, tea, milk.

DINNER: Ham and corn au gratin, new potatoes, buttered broccoli, enriched bread, butter or fortified margarine, radishes and scallions, raspberry and orange cup, sponge cake, coffee, milk.

Annulment for Strom

Chicago, June 18 (AP)—Iva Withers, petite red haired singing star of "Carousel," whose husband said she refused to bear him children, said she has a dozen of them. But the 27-year-old actress said in commenting on her husband's accusation, she wants to wait a couple of years. In New York John F. Carew, official Supreme Court referee, had recommended that an annulment be granted her husband, Robert G. Strom. Carew ruled that a wife's refusal to bear children established a "criminal partnership" in marriage. They were married in 1943 but Strom said they lived together only a month.

SMALL BUSINESS IS VERY IMPORTANT to the Individual Concerned — and It Is to Us, too.

This bank never for a moment forgets that a problem involving a small amount of money may be relatively more important to a person who has only a small amount of money than a problem involving a large amount is to person who has plenty.

Whatever business you bring us, whatever plans you discuss with us are considered and given attention in the light of their importance to YOU. Please remember that —and feel free to come to us accordingly.

Annual Picnic Is Slated for Sunday By Ahavath Israel

At last night's meeting, final arrangements were made for the annual Ahavath Israel picnic which this year will be held on Sunday at Schulman's Children's Camp in Ulster Park.

The picnic, which customarily concludes the season at Congregation Ahavath Israel, will begin at 11 a. m. and is expected to last throughout the day. Athletic activities will be under the guidance of Benjamin Fein of Saugerties. Other program features include social functions, dancing, entertainment, and the serving of refreshments on the grounds.

To accommodate those who have no transportation, cars will wait in front of the vestry hall, corner Wurts and Spring streets. A large turnout is anticipated and an invitation is extended to everyone to attend with his family and friends. The camp is in back of Swirsky's Hotel in Ulster Park.

Entombed 14 Hours

Pottsville, Pa., June 18 (AP)—George Slava was in Pottsville Hospital today with only a case of shock and a bruised shoulder to show for a 14-hour entombment 25 feet below the earth's surface. The 26-year-old miner was trapped underground by a coal pit cave-in. He was working alone in the pit when falling rocks warned him that the surface, weakened by recent rains, was about to collapse. He ran to a safety tunnel 25 feet from the opening and crouched there as the fall surrounded him.

Air Experts Study Plane Crash Prevention

Three major commercial airline disasters in 15 days and numerous other plane crashes have led President Truman to appoint this five-man Air Safety Board. James Landis, upper right, chairman of the Civil Aeronautics Board, is chairman of the new inquiry group, and Dr. Jerome C. Hunsaker, chairman of the National Advisory Committee for Aeronautics, is vice chairman. Other members, left to right, are Brig.-Gen. Milton W. Arnold, of the Air Transport Association; Theodore P. Wright, Civil Aeronautics administrator; and H. B. Cox, veteran airline pilot. They will study and recommend means of preventing crashes like that of the airliner whose torn tail section stands as a grim marker on the Virginia mountainside where 50 died.

Two Firemen Die From Blasts When Cruiser Explodes

New York, June 18 (AP)—Two firemen were killed and nine other men were injured last night when two explosions aboard a burning cabin cruiser threw some of them into the East river and showered flaming gasoline on the water.

Carrying fire fighting equipment aboard two launches, the victims and approached the anchored "Tippe," said by police to be owned by Amode Sequella, of 157-45 12th avenue, Breechurst Queens, which was burning 1,000 feet off Whitestone, Queens. Cause of the fire was not determined.

Firemen William Austin and Frederick Ziegler were killed. The injured were Fire Capt. George Behringer, Lt. Henry Schmitt, Firemen Richard Hurley and Louis DuRose and Arthur Herbig of 150-25 3rd avenue Queens, all taken to Queens General Hospital; Police Patrolmen Frank Eckford and Vincent Kulikauskas, both taken to Flushing Hospital, and Firemen Alfred Unrath and Julius Barlein, who were given first aid and sent home.

The firemen were aboard Herbig's private launch, which he volunteered after the Fireboat W-1 left had been unable to reach the "Tippe" because of the shallow water. Harbor police approached the burning craft aboard Police Launch No. 6.

Observers said the second explosion threw flames 50 feet high. Herbig, piloting his craft from behind a brass shield, was not swept into the water with the firemen and policemen, but suffered second and third degree burns from the flaming gasoline.

Fire Lt. Schmitt suffered a broken left leg in addition to burns.

Patrolman Clifford C. Patten, who remained aboard the police launch, pulled the two policemen from the water and put out small fires started on the launch.

Officials Are Hopeful

Stockholm, June 18 (AP)—Only lack of a Soviet Olympic committee stands in the way of Russia's participation in the 1948 games at London, and international Olympic officials were hopeful today that this detail could be worked out. Russia has been given membership in four world sports controlling federations and now needs only to organize its committee to be eligible for an invitation, Olympic President J. Sigfrid Edstrom announced.

Watermelons Are Taken

The theft of 16 watermelons from a freight car parked on the switch near Catherine street was reported to the police yesterday by West Shore officials. The railroad

officials told police that the lock on the freight car had been filed to gain access to the watermelons which were consigned to the Zwick and Schwartz company of this city.

Boys Say Ball Hit Car

A difference of opinion developed in an argument between a woman motorist and a group of boys on Ravine street near Dock street yesterday with the youngsters being admonished by Officers William Hanley and Kenneth Stratton. Mrs. Ida Peters, of 66 Ravine street, said that as she was driving her car along Ravine street it was struck by a stone thrown by one of a group of boys. When Officers Hanley and Strat-

ton visited the scene the young boys claimed they did not hit the car with a stone but they were playing baseball and a ball accidentally struck Mrs. Peters' car.

A boy's bicycle belonging to Donald Lee, 16 Stickle's avenue, that had been reported stolen from the M.J.M. School bicycle rack between 8:30 a. m. and 12 noon yesterday was returned about 5 o'clock, the police reported.

'Intern' Begins His State Tour of Duty In Budget Bureau

Albany, N. Y., June 18 (AP)—Gordon H. Parker, 27, a Rochester veteran of World War II, today was appointed the first "intern" in the state's new program to train public administrators.

Budget Director John E. Burton said Parker, a 1941 graduate of Union College and a former Army Air Force officer, would serve one year in the Budget Department. Parker has been attending Syracuse University's Maxwell School of Citizenship and Public Affairs since last July.

J. Edward Conway, State Civil Service Commission President and a member of the special committee sponsoring the program, said about 100 eligible applications had been interviewed.

Governor Dewey, in announcing the Public Administration "Internships" recently, said about 20 college graduates in the field would be selected for assignment to various state departments. The appointees will receive at least \$2,000 annually, with additional compensation based on qualifications and the job for which they are to be trained.

The "interns" will have the opportunity of remaining in state service through permanent appointments based on competitive examinations upon completing their training.

Hague Is Given Farewell Plaudits

Jersey City, N. J., June 18 (AP)—Mid swirling spotlights, the burst of aerial bombs and the blare of five brass bands, Frank Hague stood on a flag-draped platform surrounded by six-foot floral wreaths and accepted the plaudits of some 13,000 followers last night as he abdicated the mayoralty post he had held for 30 consecutive years.

Hailed as "the champ of them all" by his nephew and hand-picked successor, Frank Hague Eggers, the retiring mayor stood sternly among members of his official family while the shouting throng punctuated more than two hours of laudatory addresses with frequent bursts of whistles and cheers.

Special buses provided by the Democratic Ward Clubs and several civic organizations had brought the crowds to the farewell fete from all parts of the city. A 100-man military guard paraded into the building and formed about the platform during the ceremony.

Re-Route River to Eliminate Dangerous Rail Curve

Scene above pictures the snake-like turn in the New York Central Railroad line at Little Falls, N. Y., where 31 persons were killed and nearly 100 injured in a 1940 train wreck. Picture below shows construction work being speeded to re-route the Mohawk River channel from its old bed, left, to new course at right. Stream bed at left will be filled in to provide foundation for a heavy rail bridge. Note the absence of trees from the island in the lower photo.

**Woodstock News**

By Peg Hard

Woodstock, June 18—Friends of Mrs. John Egan will be glad to hear that she has been discharged from the hospital and is now at her home on the Glasco Turnpike. The Misses Elsie and Harriet Goddard arrived on Monday evening and will be in their Byrd-

cliffe home for the summer months.

Edgar Bloch, Paul Lindsay, vice-president of R. Magnin and Company, San Francisco, Calif., and Elizabeth Curtis, of California were week-end guests of Mrs. Sam Middendorf. On Sunday, Mrs. Middendorf gave a dinner party for her house guests, Margaret Krayon, Anne Middendorf and her friend, Edita Lorente.

Tania Padwa was the guest of honor at a birthday dinner party given by Mr. and Mrs. Phil Fitzpatrick. The other guests were Cora Stungis, room mate of Tania's at Oakwood School, Anne Middendorf, Mrs. Vladimir Padwa, and Dick Burlingham.

Friends of Jim Tuck were on hand Monday afternoon to congratulate him on his birthday and included Mr. and Mrs. John McClelland and daughter, Susie; Paul Butlin, Ivan Black, Clarence McCarthy, Bill Tuck, Mrs. Eva Waceman, Laura Dutton, Mr. and Mrs. Leroy Stowell and daughter, Joyce, and Milton Wagenvoort.

Vadja Padwa and Phil Fitzpatrick received birthday congratulations on Sunday evening at an outdoor picnic supper at the Fitzpatrick's. Many cooked their supper over the outdoor fire. Following the supper, guests gathered around the fire for music and singing. Seated at the party were Margaret Carson, Peter Carlson, Elsa Kimball, Mr. and Mrs. Frank Myers, Mr. and Mrs. Tomas Penning, Ned Chase, Frank Chase, George Compton, Dr. and Mrs. Hans Cohn with their son and daughter; Herman Cherry, Daisy Winters, Ed Chavez, Jennie Mayahan, Eugene and Hannah Ludwig, Sam Wiley, Dick Burlingham, Margaret Lilly and her daughter, and Margaret Fitzpatrick.

Some of the interesting crafts to be seen in the Guild this week are the hand printed materials (done by the silk screen method) and which are suitable for a wall hanging or for drapery. This is a design using the pine cone motif, and is printed on raw silk. The character dolls of Mrs. Bessie Stovell are creating much interest; particularly, the old grandma wearing eyeglasses. She is seated in a high backed wing chair with her tiny knitting in her lap. Mrs. Marguerite Hoher's handwoven wool of medium weight in blue, green and gray will be suitable for a skirt, jacket or suit is also on display.

Henry M. Robinson, well known author living in Woodstock, was heard on the program "Books on Trial" over station WHN in New York on Monday evening.

A great many persons were disappointed Saturday when the Market Fair, which was scheduled to open the summer season, was postponed because of rain. Maude Shelton, however, who will have the Ceramics Table this year, was more fortunate than most as several members of her family and friends who came to Woodstock for this gala event bought many of her lovely pieces including candlesticks as well as jewelry.

Five regents examinations are being held in the township of Woodstock this week prior to the commencement exercises in the Town Hall Friday evening at 8 o'clock. Walter Van Wagenen, principal of School District 2 expects 13 will be graduated from the village school. The Rev. Father Barry of Phenicia will be the principal speaker of the evening.

A. and Mrs. Rafael Lorente de No and their daughter, Edita, are occupying one of the Webster houses for the summer months.

Flashes of Life Sketched in Brief

Two Well Guarded
Seattle, June 18 (AP)—William Schillers, service station operator, complained to the sheriff's office about a volunteer watchdog.

A large stray Police dog has taken over the job of guarding Schillers' station, and the overzealous volunteer is driving away customers and ruining business.

Two-Car Troubles
Seattle, June 18 (AP)—When a car is parked too long or in a restricted zone the city impounds it and the driver must call to get it back.

When Mr. and Mrs. G. A. Godfrey, Jr., met at the impound window in the City Traffic Bureau they stared at each other and chorused:
"What? You, too?"
The Godfreys are a two-car family.

Spare A Dime
Seattle, June 18 (AP)—With bus fares jumping from 8 1/3 cents (or a token) to 10 cents, there aren't enough dimes in town to handle the expected demand.
So the city, through the Seattle branch of the Federal Reserve Bank of San Francisco, put out a

hurried call to the mint yesterday for half a million dimes, as a starter.
Only dimes may be used in the bus coin boxes.

Big Little Baby
Chicago, June 18 (AP)—The Brookfield Zoo's newest baby, a 400-pound elephant, believed to be the smallest ever brought to this country, was due to arrive at the zoo tomorrow from the west coast by plane.

Director Robert Bean said that the elephant, already named "Baby Brookfield," was brought to California from Bangkok, Siam, and was purchased by the zoo from an Ontario, Calif., animal dealer for \$4,000.
Bean said he believed "Baby Brookfield" is the first elephant ever to be shipped by air.

Hope
Life is not all roses—
Among the blooms of beauty
Is found many a thorn.
But beneath the shower of tears
Comes up many a sunny smile
To crown life's achievements,
And with success to adorn.

Upon your fondly dreamed,
But tomorrow the sun may shine,
A nightingale to thrill the wood-

Flowers to cover the country side;
Sparkling sun-gold is strewn
Upon the purest streams.

Soviet Newspapers Would Shake Faith In Economy of U. S.

By RICHARD KASISCHKE

Berlin, June 18 (AP)—Russian-controlled newspapers in Germany are waging a campaign obviously aimed at shaking the Germans' faith in America by predicting that the United States' economy is headed for crisis and depression.

Spearheads of this campaign are the official newspaper of the Soviet military administration in Germany, the "Taegliche Rundschau," and the Neues Deutschland, organ of the Soviet-sponsored, Communist-dominated Socialist Unity Party.

Simultaneously these papers tell the Germans that the economy of the Soviet Union is "crisis proof" and a good model for the rest of the world.

This Anti-U. S. propaganda is carried on here at a time when the United States is sending millions of dollars worth of food monthly to feed the Germans while the Russians are making their occupation zone of Germany pay heavy reparations in equipment and manufactured products.

The Russian-controlled propaganda campaign also seeks to discredit the motives of the U. S. and Britain in Germany, claiming the raw materials sent into the western occupation zones of credit represent a plan to "enslave the German economy to western monopoly-capitalism."

Attacks on Gift Parcels
Recently sharp attacks have been made even against the flow of millions of gift parcels of food and clothing which private citizens in the U. S. and Britain have been sending to relatives and friends in Germany. Tens of thousands of Germans always are waiting anxiously for arrival of such parcels and avidly hunt for thanks and political goodwill recourses to the country from which they come.

In an editorial entitled "salvation from America," the newspaper "Neues Deutschland" sought to warn the Germans that they "should not be deceived by this flow of packages coming out of a country which suffered no war damage, because that doesn't mean that America's economy is solid."

The paper went on to predict that America was headed for a crisis because "unemployment is rising there and Henry Wallace has predicted that a depression is inevitable."

Wallace Makes Headlines
Wallace's prediction of economic troubles for America, made in a speech at Denver May 30, made front pages in Russian-controlled newspapers here.

The speech was used in an attempt to buttress a series of articles which had been appearing in the official "Taegliche Rundschau" reporting ill omens under such headlines as: "Declining Production in U.S.A.," "More and More Signs of Crisis," "England's Dollar Reserves Vanishing."

In neighboring columns this newspaper printed contrasting reports from the Soviet Union: "Re-establishment of Tractor Works," "Prosperity in Collective Economy," "The Non-Crisis of the Soviet Union."

The intended message for the Germans was plain—look east, not west.

Ancient Accomplishment

Plumbing is not a modern accomplishment. Thirteen hundred feet of copper pipe plumbing was installed in the pyramid temple of Abusir, Egypt, about 3000 years ago.

Refugee Relates 'Russian Nightmare'

Maria Noell, 20, native of Philadelphia, Pa., caresses the American flag upon arriving in New York after two years of what she calls a "Russian nightmare." She was living with her parents in Romania when "liberated" by the Russians, who, she says, shunted her across Russia in cattle cars, starved and beat her, forced her to work in Soviet factories. Gerald Makma, U. S. consul general in Germany, rescued her and sent her back to her native land. She does not know what happened to her parents.

Conversion Is Praised

Albany, N. Y., June 18 (AP)—Conversion of war-time industrial facilities to peace time use in New York state has been accomplished at a percentage rate "better than

three times the national average," says State Commerce Commissioner M. P. Catherwood. Catherwood announced yesterday that 66 of the 113 war plants constructed in the state at a cost of \$128,154,741

had been sold for \$66,692,233. He said 17 plants had been leased, 22 were under negotiation for sale or lease, and only eight remained available. Governor Dewey instituted a campaign to dispose of the war plants soon after V-J Day.

Demonstration Is To Show Effect of Deadly Atom Bomb

The new and startling stage demonstration of the effects of atomic energy will be shown Friday evening, June 20, at 8 o'clock at Kingston High School auditorium under auspices of the General Motors dealers of this area, will present many of the latest scientific discoveries in a non-technical manner.

This show, "Frontiers of Progress," has been shown in many adjacent communities and will demonstrate to Kingston people many of the latest scientific discoveries such as jet propulsion, manufacture of butyl rubber, atomic energy, artificial illumination, sound recording, infra-red rays and heatless cooking.

Jet propulsion will be shown through use of a miniature jet engine operated on the principle of the German V-1 buzz bomb and there will also be a demonstration of a P-80 Shooting Star pursuit plane and a buzz-bomb which will be driven at high speed the length of the auditorium.

Atomic energy in the form of a small, natural atomic bomb will be shown with the narrator holding

the bomb in his hand. Uranium, deadly component of the atom bomb will be contained in the bomb. Because of the nature of the bomb the radio-active disintegration will be feeble but the principal is the same as that of the bomb dropped on Japan which caused the surrender of Japan.

The Geiger counter, used to pick up the radio-active rays, will be demonstrated and amplified over a loud speaker system.

Many former top military secrets will be revealed to the public and there will be cooking by a heatless process with neither heat or flame.

Admission to the demonstration, which is of a highly educational nature, will be free to the public. Previews of Progress was originated by Charles E. Kettering, vice president of General Motors and director of its Research Laboratory. It was his belief that citizens would be interested in a scientific stage presentation telling simply but eloquently how open minds and willing hands have helped to make the nation great, and to serve as a reminder that there are many new scientific frontiers yet to be explored and conquered if the United States is to remain great.

Confidential Information
Washington, June 18 (AP)—Chairman J. Patrick Thomas (R-N.J.) said today the House Un-American Activities Committee will keep confidential its agents report on the meeting Henry A. Wallace addressed Monday. Thomas told reporters there is little in the report any observer could not have noted and that the data will be used only for the committee's information and files. Wallace's speech was sponsored by the Southern Conference for Human Welfare. The committee called the organization a Communist front in a report to the House last week-end.

FAMOUS COMBINATIONS

... spaghetti and meat balls, black and white, scotch and soda; liver and bacon—a few items, among many, which always seem to go hand-in-hand!

There are a couple of other items which go together like man and wife—the Electric Casserole and the Electric Timer Clock! Join these and you've really got "out-of-the-kitchen" cooking.

Look at it from the cook's point of view. She places her food in the casserole—roast, potatoes and vegetable; or Irish stew; or chicken fricassee; or scores of other dishes—sets the clock to the time she wants cooking to start, and the time she wants cooking to stop. That's all! Her cooking chores are done. She goes hither, thither and yon—does what she wants to—her time is her own. At mealtime there's her food deliciously cooked, ready and waiting.

For little money any housewife may buy this famous combination. But more than that... *she may try before she buys!* Yes, ma'am—try this combination FREE in your own home for a period of time! Interested? Then fill in this coupon right away. No obligation, of course!

Child, Family Course

Nine representatives from various study clubs of the Ulster County Home Bureau left by car for Ithaca Tuesday morning where they will attend a three-day leadership training course in child development and family relationships to be held at Cornell University starting today.

The chief speakers who will address the delegates will be Dr. Elizabeth Lee Vincent, dean at the college of home economics at the university, and Mrs. Mary Fisher Langmuir, director of child study at Vassar College. They will give information and materials to the visiting representatives to enable them to carry out their individual study club programs with greater efficiency.

Approximately 300 state representatives are expected to attend the sessions.

Ulster county delegates who have been selected to go to the conference are: Mrs. Hubert Sterne-Moynagh and Mrs. Anna

Donahue of the Forest Glen Study Club; Miss Anne Davis, Kerhonkson, representing the C. to C. Club; Miss Gwen Davis, Kerhonkson, from the Accord Study Club; Mrs. Robert Kelder, of the Waverly Study Club, who is also the sponsor of family life on the executive committee of the County Home Bureau; Mrs. Paul Kruger, of the Saugerties Study Club, and Mrs. J. Siegler and Mrs. Foster Sheffield, both from Ellenville, representing the Shawangunk Study Club.

The Ulster County Home Bureau will have Miss Ethel Samson, assistant home demonstration agent, as its delegate.

Man, 59, Is Held For Killing Two, Shooting Neighbor

Miami Man Beat His Children to Death, Then Opened Fire on Man, Wife

Miami, Fla., June 18 (AP)—Police today held a 59-year-old father in the slaying of his two children and the shooting of a couple who lived next door to his small cottage.

Detective Sergeant John L. Deas said the father, Chris Russell, operator of a cafe, was being held after the blood-stained and battered bodies of Peggy Russell, 11, and John Russell, 6, were found in a bedroom of their little home in the northwest section this morning.

A few minutes before, Deas said Mr. and Mrs. Walter L. Wolfe were found on the floor of their real estate office, next door to Russell's cottage, suffering from bullet wounds.

Deas said as detectives rushed into Russell's cafe, the man pointed a revolver at his own head, but the plunger snapped on an empty cartridge.

Deas said another business neighbor of Russell's, Mrs. B. Poppelaer, told him Russell had entered her store and shot at her "point blank" but had missed.

Admits Killings
Russell was taken to police headquarters where Deas said he broke down and admitted that he had killed his two children. He was returned to the home where the bodies were found in a little bedroom.

Russell, bursting into sobs, told Deas he had killed his children for fear they would be taken from him and put in a home.

The detective sergeant said Russell blamed the Wolfe's for his "troubles."

"Those people were always bothering me," Deas quoted Russell as saying. "They weren't going to put my children in a home."

Deas, in reconstructing the affair, said Russell apparently killed his children, and then, "berserk," rushed into Wolfe's office and shot the couple.

At city-owned Jackson Memorial Hospital, physicians said both Wolfe and his wife, might die from their wounds. Wolfe was shot twice, bullet entering his throat and the other his left hand. Mrs. Wolfe also was wounded twice, in the left shoulder and in the left side.

The shootings occurred at 8:40 a. m., Deas said, in the thickly-populated northwest section of Allapattah where stores were opened and children were thronging into Andrew Jackson Summer School across the street.

Charges were not immediately preferred against Russell, a slight wiry man, Deas said he was informed that Russell was separated from his wife.

Financial and Commercial

New York, June 18 (AP)—Demand for leading heavy industry shares gave the stock market a lift from its irregular course today.

Although many laggards persisted, motors, steels, farm implements and rubbers moved ahead. Dealings picked up somewhat in the rise but showed no signs of running away. Near the fourth hour gains ranging to more than a point were mingled with a wide scattering of declines, especially in rails and utilities.

Some bidding was attributed by brokers to belief that after two uneven sessions many sections of the list were ready to resume a recovery move, and to expressions of cautious optimism over prospects of avoiding a long coal shutdown. Rails had to contend with the freight embargo on shipment to ports. Desire to await disposition of the Labor Bill limited activity.

Financial and Commercial

New York, June 18 (AP)—Demand for leading heavy industry shares gave the stock market a lift from its irregular course today.

Although many laggards persisted, motors, steels, farm implements and rubbers moved ahead. Dealings picked up somewhat in the rise but showed no signs of running away. Near the fourth hour gains ranging to more than a point were mingled with a wide scattering of declines, especially in rails and utilities.

Some bidding was attributed by brokers to belief that after two uneven sessions many sections of the list were ready to resume a recovery move, and to expressions of cautious optimism over prospects of avoiding a long coal shutdown. Rails had to contend with the freight embargo on shipment to ports. Desire to await disposition of the Labor Bill limited activity.

Letters That Sparkle Fascinate Your Pals

Are you one of those having-a-wonderful - time - wish - you - were-here letter writers? You'll never keep your hometown flame fascinated that way. Even if nothing exciting happens during your vacation, make your everyday doings come alive through vivid words and phrases.

Put sparkle and friendly warmth in your letters right from the start. Never say, "Well, I have nothing to do for an hour so I might as well write." But there's subtle flattery in, "What luck—a whole hour to write you!"

Tell what you are doing, of course, but don't jot down facts like a census-taker: "Was on the beach all morning...got sunburned...danced tonight." Instead, write as if you were talking things over: "Three hours on the beach this morning! My nose is red as a lobster and tonight's the big dance!"

It's easy to write charming letters if you follow the advice in our Reader Service booklet No. 27. Samples of invitations, thank-you notes, business and friendly letters. Also letters of sympathy, congratulations—even love!

Send 25 cents (coin) for "How to Write Letters for All Occasions" to the Kingston Daily Freeman, Reader Service, 243 West 17th street, New York 11, N. Y. Print name, address, booklet title and No. 27.

Y.W. Women's Club
Has Several Projects

An executive meeting of the Women's Club of the Y.W.C.A. was held Tuesday in the "Y." Plans were discussed regarding the little girl sponsored by the club for two weeks at Camp Triangle Acres. It was decided to supplement her camp equipment. Any club member having jerseys, shorts or blue jeans for a ten year old girl is asked to telephone Mrs. Clarence L. Dumm, 4511.

Since members of the book group have offered to donate the past season's books to the tuberculosis hospital library, it is requested that books be left with Mrs. Vincent Connolly.

Mrs. Raymond Craft, program chairman for the next season, outlined the new program. The opening event of the fall season will be a picnic and afternoon of games at Triangle Acres.

ALWAYS A QUESTION
OF NAMES

Readers send questions about names unendingly. The one today explains "My name is William Henry Sigut, my grandfather's name was the same. He is deceased now. My father's name was something else. If we have a son and give him my name, will he be called '3rd'?"

If your grandfather were living, he would be "3rd." As things now are, he will be "junior." Only members of royalty who are given the same names as their forebears continue to include the suffixes, irrespective of who is living and who is deceased.

An Exception to the Rule
on Weddings

Dear Mrs. Post: (1) While I know it isn't done ordinarily, could it be criticized as improper under the following circumstances for us—the groom's parents—to lend our house to the bride's parents for the wedding reception? We are old friends and they now live some miles out in the country. Their church is here and so are their friends. (2) What should the mothers wear at the reception, referring especially to the length of their dresses?

Answer: (1) Considering all the circumstances, no one could possibly think your house unsuitable for this occasion. (2) At a large formal reception, long dresses for the mothers and older members of the families would be preferable. But always this is a question of suitability for your particular environment.

Single and Double Dessert
Service

Dear Mrs. Post: Please tell me the correct procedure in serving dessert—such as fruit compote—in stemmed glasses. Is the dessert brought with doilies and finger bowl brought in first (guest placing the finger bowl and doilies to the left) and then the compote brought in on its matching plate and stood on the china one at each place?

Answer: Correctly, the stemmed glass on a plate either with or without the doily, but with a teaspoon at the side of the glass, is brought on first. When the dessert has been eaten, the finger bowl on another plate is exchanged for the used glass and its plate.

Left-Handed Guests

Dear Mrs. Post: Is it so terribly wrong or improper to set a table left-handed when all of those who will be present are known to be left-handers?

Answer: Yes, completely wrong. In fact I don't see what could be gained by it because these same people certainly encounter the correctly set table every time they go to a meal. The unaccustomed setting would be as strange to them as to a right-handed person.

Arranging the table for breakfast, lunch, dinner or supper is explained fully in Mrs. Post's booklet, No. 504, "The Etiquette of Table Setting." To obtain a

Booths and Fair

Legionnaire pointed out the various accomplishments of Kingston's former mayor and a past commander of Kingston Post, as an executive of the ex-servicemen's organization and specified that his record should make him an outstanding nominee for the highest state office.

Commander Ernest A. Steuding will refer the resolution to the next meeting of the Ulster County American Legion for official action by that body and indications are it will meet with unanimous approval from that organization, which Legionnaire Heiselman served as commander a number of years ago.

Change in Nominations

There were several changes in last night's report of the nominating committee for Kingston Post officers.

Police Lieutenant William T. Roedel having declined to serve again as treasurer, the committee proposed William Thiel, Kingston Trust Co. employee, a veteran of World War 2. During his five-year incumbency, Lieutenant Roedel served efficiently receiving the praise of annual auditing committees as preparing the most thorough and neatest set of financial records ever kept on transactions and business of Kingston Post.

Michael Mallano, another World War 2 veteran, replaced Victor Osborne, who declined as sergeant at arms, and the name of the Rev. Clarence Brown was placed in opposition to that of the Rev. Abiel J. Smith, Jr., formerly of Philadel-

phia for chaplain. The Rev. Mr. Brown holds the office at present.

Council for Commander

The rest of the slate was endorsed as proposed at last month's meeting.

A. J. Connelley James Connelley, present chairman of the membership committee, who headed the ticket committee for the last Legion ball, and a member of the 40 & 8, for commander.

Harold Middaugh, Morgan Ryan and Philip Toffel, vice commanders. Howard Shurter, service officer. Charles Shattis, welfare officer to succeed himself.

Andrew J. Murphy, II, adjutant to succeed himself.

Edward J. Murphy, III, athletic officer.

Edward Geschwinder, trustee. James Plunket, Bernard Kramer, Roy Jacob and Thomas Murray, members of the executive committee.

A committee was named to prevail upon Eugene B. Carey to continue as past historian, an honor he has held for many years, but said he desired to relinquish because of pressing business.

Ten of the nominees are World War 2 veterans, and seven from World War 1.

Improvements on State Contract to paint outside parts of the Memorial Building on West O'Reilly street was awarded to Edward Schuler of Modern Art Decorators, R. D. 2, Kingston, whose bid was \$289, lowest of six submitted.

A motion was passed to construct a concrete porch on the Broadway side of the building to accommodate the increasing membership.

3,864 Booster Night Fans See Dodgers Bury Peekskill, 10-2

Curtis Hurls Five-Hitter; Melee Quelled During Game

Give the Kingston Dodgers the proper setting and they'll give you a reasonable facsimile of the three-ring circus that was Ebbets Field in the heyday of Lew Durocher.

A magnificent public response to "Merchants Booster Night" provided "Sugar" Scherger's tossers with just such an occasion last night and they responded with a decisive 10-2 victory over Al Gardella's Peekskill Highlanders in a contest that was thoroughly satisfying to 3,864 spectators.

They stormed down from the hills, the back streets, the main highways in an endless trek to municipal stadium where under the blazing arc lights they paid tribute to a hustling ball club that appears on its way to the North Atlantic League pennant.

Temper Break Loose
Bob Curtis, a rookie right hander, tossed a beautiful 5-hit job that was more or less overshadowed by the developments of the night. A flare of fistfuffs in the fifth inning revealed that the Highlanders had more punching power off the diamond than between the foul lines.

A wild melee that developed as the result of some sharp bench and sideline jockeying broke loose in the fifth inning and for several minutes there was excitement at municipal stadium such as the oldest natives had never seen.

The principals were Ken Braun, the Dodgers' acid-tongued southpaw, who specializes in riding the skirts of opposition players, Joe De Toia, Peekskill left fielder, Manager Al Gardella, and Johnny Zigmund, pitcher who is on the disabled list; and Bud Rudy Antonetz, Dodger catcher.

When police, and spectators and players uncovered the melee, big Antonetz was flailing away at De Toia, the Peekskill left fielder. There were a couple of minor squabbles in progress along the third base line and catcher Tom Corrigan, of Kingston, was trying desperately to get a sock in at anybody wearing a gray uniform.

Fines May Result
The result of this wild fracas that had B'nai B'rith boxing officials looking on with unrestrained delight was twofold. After Umpires Hunsinger and Warren have filed their official reports of the incident, President Ernest "Duke" Landgraf, of the North Atlantic League, will start handing out a

Kingston High School's 1947 DUSO Baseball Champions

Winning five out of six games in league competition, the K.H.S. nine completed the "Big Three" cycle for the local school in three major DUSO sports by clinching the 1947 pennant on Clark Mains' no-hit, no-run game against Newburgh. Kingston had previously won the football and basketball championship. Standing

left to right: Bob Ghear, Kenneth Lowe, Clark Mains, Coach Bill Burke, Chris Lay, Paul Kaman and Bud Scheffel. Seated in middle row: Eric Gehrke, Richard Little, Roe, Mike Rienzo, George Glaser, Dick Dulin. Kneeling in front: Ken Christian, team manager; Don Brown, Rifenburg, Les Lessick. (Freeman Photo)

Scherger's bunt along the third base line in the third had the lion of the master. Manager Gardella conceded defeat early. . . . Trailing 7-0, he still had nobody warming up. . . . The crowd began to file out in the seventh, but most of the fans stayed until the bitter end. . . . for Peekskill, two beautiful stops. . . . A force play on Bataglia in the third was the gem of the night. . . . Ogleman took an extra baser away from Bataglia with a nice catch of a sharp, sinking liner in the fifth. . . . With a first string catcher disabled, and another just moved up, Peekskill had to rely on a raw novice, Fagan, who loused up the game as only novices can do. . . . Next home game—Saturday night against Nazareth, with doubleheader on Sunday.

Neighbors Tops N.A.L. Hurlers

Henry "Docson" Neighbors, Kingston's ace southpaw, is one of four unbeaten pitchers in the North Atlantic League, with a record of seven straight wins, according to latest official pitching statistics released by Harry Simmons, league statistician, of New York.

Big Eddie Alex, of Mahanoy City, has won six in a row; Alex Zikowitz, of Carbondale, 5; and Roger Brown, of Kingston, 3. Joe Seber, Stroudsburg fireballer, has a 7-1 record, followed by the Dodgers' Ken Braun with 6-1.

Other Kingston records as of June 14 were: Ted Seddon (2-1); Alton Gilbert (5-1).
Seber Leads in Strikeouts
Seber, a strong-armed right hander, leads the league in strikeouts with 85. Runner up is Neighbors with 59. Alex has 57.

Nyack, down near the cellar of the league in the standings, leads in club fielding with .948. Peekskill is second with .944 and Kingston third at .939.

A. Heisman-R. Gardner, N, defeated A. J. Anderson-C. E. Wonderly, Sr., 2 to 1.

H. Henion-P. Stone, N, defeated I. Trowbridge-L. G. Kimball, W, 2 to 1.

D. Kennedy-W. Finch, W, defeated J. Feye-A. Schmid, N, 2 to 1.

F. Stone-R. LeFevre, W, defeated W. Van Aken-A. A. Davis, N, 3-0.

R. Leventhal-M. Rosenblum, W, lost to E. Schoonmaker-G. Broomer, N, 3-0.

G. Svirsky-L. Hander, W, defeated Dr. G. Goldfarb-S. Solsey, 3-0.

Schoonmaker Wins
A blind-hockey sweepstakes held in conjunction with the match was won by Bob Schoonmaker with a net score of 80. Other winners were Stan Hankinson, Dr. C. Van Gaasbeek, C. E. Wonderly, Jr., E. B. Schoonmaker, Ray LeFevre, Frank Stone, A. J. Anderson, H. Henion, and H. Wieber in the order named.

Ken Davenport capped first honors in the ball sweepstakes held Saturday, shooting a net of 78. Other winners were Gus Modjeski, C. A. Cahallen, Ernest LeFevre and Stan Hankinson.

The feature of the sweeps was a sparkling 33 fired by Maurice Davenport on the incoming nine. Davenport shot this phenomenal round despite unfavorable golfing conditions caused by the inclement weather. Davenport had birds on No. 1 and No. 4 holes and shot even par for the others.

Barrett Owes His Comeback to Great Control Pitching

By JOE REICHLER
(Associated Press Sports Writer)

Charlie Barrett, who is being hailed as the Number One "comeback" of 1947 today owes his success to his remarkable control pitching.

The rambunctious red head, whose decline from a 24-game winner in 1945 to a three-time loser last season caused his banishment from the World Champion St. Louis Cardinals to the Boston Braves last winter, currently is the hottest hurler in the majors. Including yesterday's 11-1 triumph over the Cincinnati Reds, Barrett has won five straight to bring his season to six wins and three defeats.

The amazing part of his mound work is that in his last 45 innings, Barrett has issued only two bases on balls.

Barrett was tagged pretty solidly by the Reds yesterday, being clubbed for 12 hits, but Cincinnati left 10 runs on the basepaths. In fact it took a home run by Gandy Hatten to produce the Red's only run.

The Braves one-sided triumph, their fourth straight, increased their first place margin in the National League pennant race to a full game over the runner-up New York Giants.

Curds Win Again
The upspringing St. Louis Cardinals gained their sixth consecutive victory last night when they came from behind with a three-run upsurge in the last of the ninth to eke out a 7-6 triumph over the Philadelphia Phillies. A triple by Stan Musial with the bases loaded and one out brought in the run. The win put the Curds into fifth place, five and a half games off the pace.

Carl Schehl, 20-year-old right-hander from Gratz, Pa., pitched his second complete game of his career in organized baseball and for the second time within a week defeated the Detroit Tigers as the Philadelphia Athletics won 5-2.

Feller in Form
Bob Feller fanned nine batters to raise his season total to 96 and pitched the Cleveland Indians to a 5-3 victory over the Washington Senators before 30,701, largest crowd of the season at Griffith stadium.

The defending American League Champion Boston Red Sox registered their seventh victory in a row by defeating the St. Louis Browns 6-5. The win put the Sox in undisputed possession of second place one game behind the New York Yankees.

Lions District Governors

Lake Placid, N. Y., June 18 (AP)

—State Lions Clubs have five new

district governors. Those elected

yesterday at the close of the 24th

annual convention included Alfred

Nelmeier, New York city, and

David Wile, Jr., Port Washington.

New York city was selected as

the site for next year's conven-

tion.

What's So Funny?

"Okay. Go on and laugh. That's the trouble with you silly humans. When you see this picture of me you bust out laughing fit to kill. If you think I always look like this, you're barking up the wrong tree. I'm Harthead Pepper, if you please, a prize basset hound. I'm hot stuff in the dog show rings around Philadelphia, Pa., and my master, Ira D. Schoop, of Norristown, can show plenty of ribbons to prove it. So I'm not sad—just terribly, terribly hurt."

To Administer Bonus

Albany, N. Y., June 18 (AP)—Leo

V. Lanning of Buffalo, former

state commander of the American

Legion, was appointed today to

administer the state's proposed

\$400,000,000 bonus for veterans of

World War 2. The bonus, approved

by two legislatures, will be voted

upon by the people next fall. Pay-

ments would range from \$50 to

\$250, depending upon service.

Lanning, 54, Buffalo city budget

director, will assume the \$11,400 a

year post July 1.

Late Adjournment

Harrisburg, Pa., June 18 (AP)—

The Pennsylvania General Assem-

bly, adjourning finally 72 hours

behind schedule, turned over to

Gov. James H. Duff today the

making of final decisions on con-

troversial teacher pay, labor and

local tax legislation. Closing the

books on the state's 137th regular

session after a nearly six-month

tussle with scores of troublesome

issues, the lawmakers packed up

and went home with approval of

a \$2,400 increase for themselves as

their last important action.

Chrysler Strike Ends

Detroit, June 18 (AP)—Chrysler

Corp., announcing the end of a

strike that idled 6,000 workers, re-

sumed normal operations in three

plants today. Settlement of the

two-day strike of C.I.O. United

Auto Workers members in Chrysl-

er's DeSoto plant left idle only

1,200 U.A.W.-C.I.O. employees of

Continental Motors Corp. and 3-

600 Ford Motor Co. foremen.

Chrysler officials, who said the

strike stemmed from layoff of a

worker charged with careless use

of materials, announced the dis-

pute would be handled through

normal contract procedures.

Little Is Acquired

Washington, June 18 (AP)—A

secret court martial which listed

97 days acquitted Lt. Cmdr. Ed-

ward N. Little of accusations that

he maltreated fellow Americans in

a Japanese prisoner of war camp.

The court martial, which was

closed to the public at Little's

request, heard 80 witnesses. Lit-

tle, whose last listed civilian ad-

dress was Decatur, Ill., entered the

navy as an enlisted man and was

accepted as a naval academy stu-

dent in 1935. He received the Sil-

ver Star for gallantry before his

capture on Corregidor.

BEWARE OF PIN-WORMS

Carnal Abuse Charge Is Placed Against Hornbeck

On arraignment before Justice of the Peace Charles F. Hasbrouck Tuesday night in Store Ridge, John H. Hornbeck, 34, of Kripplishush waived examination on a charge of carnal abuse of a child and was held to await the action of the grand jury.

Hornbeck was arrested by Dal-Jard Sapp and Alfred Slater, sheriff's deputies, last Monday, on complaint of Stanley Christiansa, also of Kripplishush, who claimed that he had molested his four-year-old daughter.

Sheriff George C. Smith has Hornbeck in his custody at the Ulster county jail.

Fold Is Questioned
Budapest, June 18 (AP)—Imre Fold, Hungarian manager of the Allied Officers Park Club, said today he had been questioned by the political police and that he expected to be thrown in jail "within a short time." Officers at the American Military Mission said this morning that Fold had been arrested on charges of being a "pro-Nazi" and on suspicion of being involved in a plot to overthrow the Hungarian republic. Fold said this afternoon that he had been questioned at length by political police concerning certain relatives and expected to be arrested shortly.

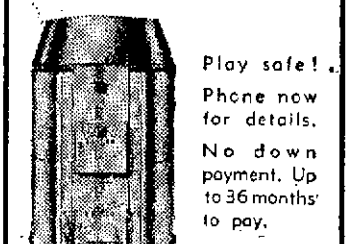

Decline Is Applauded
Washington, June 18 (AP)—President Truman today applauded a "sharp and gratifying decline" in the nation's traffic casualties, but called on highway users and officials to reduce still further the "appalling" annual toll. "We have won a major victory in the campaign against carelessness," said Mr. Truman in an address prepared for the opening session of his second highway safety conference.

DO YOU SUFFER NEEDLESS PAIN FROM ARTHRITIS?
If you do, it's your fault. New formula brings relief.
There is a new scientific formula which has already brought prompt relief to many who once suffered the tortures due to rheumatism and arthritis.
This formula is called DOLCIN. It has been tested by clinics and hospitals. As a result of these tests, doctors are now recommending DOLCIN to help rheumatic and arthritic sufferers.
DOLCIN is safe and easy to take. So there is no reason for you to suffer pain that may be completely needless. For DOLCIN costs amazingly little. 100 precious tablets cost only \$2.00.

crease in salary since the administration of Mayor Palmer Canfield. City employees taken over at the time the welfare and health departments became a part of the county departments, he charged, were forced to take reductions in pay ranging from \$100 to \$500 per year when they entered the county employ.

Charged he had not constructed streets he denied, saying that in 1942 11 streets were either reconstructed or resurfaced. In 1943 there were 14 and in 1945 when materials were not available the number was four. In 1946 the number rose to 26 and he said the program for this year included several streets including North Front street, Main street, Elmendorf street and others.

Blames Heiselman
Mayor Edelmuth charged that when the 2 per cent limitation statute was enacted a five-year period was given municipalities to make adjustments in assessments but he charged the Heiselman administration did nothing. Instead of increasing the assessments he charged the administration had decreased assessments by \$170,000 "doing favors for friends." Since he had taken over the city administration he said he had increased assessments and decreased the city indebtedness. Kingston to date is under its borrowing limit by some 40 per cent he said. He charged that despite the defeat of the Heiselman administration, Mr. Heiselman was still "writing speeches" for candidates and "directing policies."

Would Like to Be Told
"I do not know of a single place where professional gambling is going on in the city," said Mayor Edelmuth and he challenged that "if they know where, why don't they tell me."

Among the charges he threw at former administrations was that of "rumming beer pipes through the streets and sewers" of the city.

Mayor Edelmuth said he did not seek the office of county chairman and said he was 100 per cent behind Thomas Plunket. In selecting its candidates for office this year, Mayor Edelmuth said the party had "scrapped the bottom of the barrel" and said one Republican had remarked

after the recent convention that he was disgusted because the party had recommended "a wop for alderman-at-large."

The challenge had been issued and Mayor Edelmuth said "Mickey Mouse could defeat the Republican candidate" for mayor.

Culloton Praises Truman
Following Mayor Edelmuth's talk Bernard A. Culloton offered a resolution commending the administration of President Harry Truman which was adopted.

The nominations for county office then proceeded.

Francis Martocci nominated Walter Keefe of Saugerties for sheriff, saying he was a man of experience in law enforcement, having served with the State Police force. He referred to Sheriff Smith as a "general state escapee" who had no experience in law enforcement when he took office three years ago. Walter Keefe said had served as Trooper and later during World War 2 had served as a volunteer in the U. S. Navy along with his own son.

Joseph Campbell of Saugerties seconded the nomination. For 16 years Walter Keefe had been a member of the State Police force he said, and had gained wide experience in law enforcement.

The vote for Keefe was unanimous and later Mr. Keefe's opponent promising to wage an active campaign for election. Three years ago when he was the Democratic candidate and was defeated, he said he had gained wide acquaintance in the county and he intended to make a vigorous campaign this time in an effort to defeat his opponent whom he referred to as a "rookie cop," without police experience.

McCabe Nominated
Joseph Campbell placed the name of William McCabe before the convention for welfare commissioner.

George McNamara of Shokan seconded the nomination and the vote was unanimous.

Mr. McCabe thanked the party for the nomination and said he would make an active campaign. At this point Chairman Plunket called for Supervisor William Kelly of Wawarsing but Mr. Kelly had left the room and after some hesitation the recommendation of a candidate for coroner was left to the committee on vacancies. Prior to adjourning Mr. Plunket addressed the convention and remarked about the large number

of women interested in politics. He urged all to get out and register and vote and also to enroll in the party. Mr. Plunket suggested that Democratic Social Clubs be organized in communities and said speakers would be available to attend any such functions to discuss the campaign.

The convention then adjourned.

Gets State Position

Albany, N. Y., June 18 (AP)—Charles E. Walsh, Jr., 43, of Albany, today was appointed assistant superintendent of operation and maintenance in the State Public Works Department. He was named by Superintendent Charles H. Sells to succeed John A. Mac-

Cormack, who has been appointed state commissioner of standards and purchase, effective July 1. Walsh will have charge of state-owned properties maintained by the department, including the capitol, executive mansion and the state office building.
